

# About DanceWorks

Founded in 1986, Danceworks is Syracuse University's largest student-run and audition-based dance organization. We have over 100 active members coming from a wide variety of dance backgrounds, styles, and levels; but we all share a passion for the art.

Our various levels of involvement make this organization ideal for any student. From attending workshops in the fall and spring to being a cast member in our spring showcase, the time commitment can be as little as one hour a week. Returning members can bring their ideas to life as choreographers for the spring showcase. Board positions provide endless leadership opportunities throughout the school year.

All members rehearse during the Fall and Spring semesters to prepare for our annual spring production, which is completely choreographed by students. Two evenings of performances show off our dancers' talents, along with the hard work and creativity of the student choreographers. Our show incorporates all styles of dance including, but not limited to; hip-hop, lyrical, jazz, ballet, tap, modern, and contemporary.

## Audition Information Page

# Audition Information

- Auditions will take place from 8:30am-6pm on Saturday September 17th in the Women's Building. A week of workshops will precede audition weekend ranging in all styles giving dancers a feel for the organization and choreographers.
- Friday September 16th is the choreographer showcase, where prospective dancers will see a snippet of the dances that will be in the show, as well as learn about when rehearsals are and what choreographers are looking for in their cast.
- Dancers will only audition for the dances that they wish to be cast in. However, auditioning for as many as possible increases your likelihood of making the cast. Each audition is 30 minutes long with a lunch break mid day.
- At the end of their audition, dancers will submit a preference sheet where they rank the dances that they auditioned for in order of which ones they would like to be in the most. They will also indicate how many dances they wish to be cast in.
- New members can be cast in up to 3 dances.
- Returners can be cast in up to 4 dances.
- The official cast list will be announced via email a few days after auditions.
